

'Eat Well' by Zest Restaurant

Welcome to Zest restaurant where we invite you to "Eat Well".

Our philosophy is to promote local and regional New Zealand produce, working closely with our suppliers and farmers to showcase what our country can offer.

We source only the freshest ingredients which influence our menus, whilst we create a culinary play on classic flavour combinations presented with a contemporary twist. All ingredients are handled with respect and transformed on the plate which we hope will please and delight your palate.

"Eat Well" is about a balance of texture, flavours, variety and moderation of certain ingredients promoting nutritious and healthy dishes.

David Schofield
Food & Beverage Services Manager
