

Isobel's

RESTAURANT & BAR

Welcome to Isobel's Restaurant which is part of the original Spanish inspired hotel built in 1932.

The current carpet design whilst not the original colour is of the same design as the carpet laid in 1932 and the large original open fireplace is still a popular seating area to relax.

The walls are unique and constructed using old style methods. The materials were mixed in small amounts and delivered to this site by individual wheelbarrow loads.

The Palm Lounge where the baby grand piano now sits has had many transformations over the years; this was once the public bar. Heating for the entire Lodge was once from the Coal fired boilers still remaining in the below dungeon.

As well as the established trees you see through the large windows surrounding the hotel, there is a beautiful garden area, a tennis court and swimming pool, for guests to enjoy.

We hope you enjoy your dining experience in the grand dining room which was renamed Isobel's Restaurant in 2009, and relax in the elegant atmosphere designed to recreate those early 1900's as depicted in the surrounding historic photographs on the walls.

Breakfast Menu

(7.30am -10.30am)
